

# SMART HOME INTERNATIONAL CONFERENCE & EXHIBITION 2015

Connecting global smart home pros to  
Asia's premium manufacturers

28-30 April, 2015 | Taipei, Taiwan

Home Security | Home Control | Connected Home

[www.secutech.com/SMHome](http://www.secutech.com/SMHome)

Nest thermostat, Dropcam and many other connected-home products are "Made-in-Taiwan"!

Taiwan – the powerbase for finding "A+ Team" of smart home manufacturers!

## BUYER INVITATION

messe frankfurt

2F, No.8 Lane 360, Sec. 1, Nei-Hu Road, Taipei, Taiwan  
(If undeliverable, please return to this address.)

# Your **A+** TEAM in Smart home

The world famous Nest thermostat, Dropcam and among many other connected-home products are actually the fruits of cooperation between Taiwan's original manufacturers and those leading brands. Now you have the chance to see all these premium Taiwan manufacturers at **SMAhome International Conference and Exhibition 2015!**

Instead of being referred to OEM/ODM suppliers, these "premium" makers have stepped up the ladder to becoming "technology service providers." Their creativity in product design and determination toward product customization has enabled them to establish long-term collaboration with the world's leading high-tech brands.

Now these **technology services providers** are ready for you at **SMAhome International Conference & Exhibition 2015**

*Nest, Dropcam  
and many others  
are backed by the  
ICT and security  
industries in Taiwan!*

#### Target visitors

From worldwide brands to local dealers, if your focus is to source & purchase smart home security products from original manufacturers, this show is for you!

**DIY Market** — Home Kit — Sensor & Detector — Burglar Alarm System — Gateway & Software — Climate Control — **Project Market**

## 5 GREAT REASONS TO VISIT

### 1 Witness MIT(Made-in-Taiwan) Power

In line with Taiwan's excellent IT framework, Networks & IC (Integrated Circuit) industries, Taiwan manufacturers in the telecom and connected-home fields are also known globally for their competitive edge in production efficiency and high quality. Meanwhile, the capability in research & development along with product fine-tuning and flexibility among these manufacturing elites are unquestionable. They are able to churn out state-of-the-art devices and high-value-added solutions. Meet these top-tier technology service providers from Taiwan, such as Chicony, Sercomm, Foxconn, Inventec, your best partners for developing the smart home in 2015.

### 2 Asia Top 100 Manufacturers

Identifying reliable partners and genuine manufacturers have always been a painstaking process for excessive-members. Packed with product design talents, customization prowess, technical supports & experienced int'l trading specialists, Asia's Top 100 smart home manufacturers will be selected out of Taiwan, China and Korea and highlighted in the SMAhome Expo 2015. From here, you will gain a handful of robust partners and their latest innovation within the 3-day visit.

### 3 Full Product Line-ups of Smart Home

Smart home is no longer reserved for the few. There will be a slew of products spanning across the spectrum, from entry-level DIY kits and mid-range door solutions to interconnected home control systems with over 1,000 selections of home security devices to be showcased at SMAhome Expo 2015. Come and experience the latest technologies available in the smart home industry!

### 4 From Components to Complete Solutions

To realize your ideals, there's no room for compromise. You definitely need to look into details to ensure specific requirements on performance and function are flawlessly accomplished. At SMAhome Expo 2015, by meeting manufacturing experts in smart home components, sensors, subsystems, you can involve in thought-provoking discussions from design scratch and system shaping to final production.

### 5 A Big Plus on Sourcing Security & Safety

Security-related devices still rank top in the current smart home market demands. Affiliated with SMAhome Expo 2015, Secutech is Asia's leading trade fair dedicated to security & safety with 18 years of professionalism. Housed under one roof with 1,000 booths, technologies such as ultra HD, NFC & cloud storage, as well as a complete array of surveillance, access control & fire detection items will certainly fulfil your one-stop shopping needs.

# CONCURRENT EVENTS

## • Connected-Home Play (Demo Gallery)

The new connected-home play will simulate a kitchen, bedroom and living space in a house. It allows you to easily test the connected home system and gadgets with the cameras, alarms, controllers and sensors that specifically caters to your need. A networking lounge with seating areas for more in-depth meetings with premium suppliers is also staged here.

## • ODM/OEM business matching event

An audition to match your demands and manufacturers' profile on ODM & OEM will be processed before the expo. The official "match-making" business event at SMAHome Expo 2015 will help you to carry out face-to-face networking discussions with Asian OEM & ODM experts and to assist you in finding the right partner.

## • 6 themes of product galleries

**Intrusion Alarm**
