Source and Discuss ODM/OEM Product Designs in 6 Themed Display Areas

Intrusion Alarm Zone
This zone showcases sensors, detectors and kits for automation, remote controlling and intelligent security. For self-monitoring service providers and home security kit vendors, this zone offers a wide range of choices.

Energy Management Zone
From thermostats, smart plugs, lighting control to smart meter systems and home energy management (HEM), this alley sheds lights on made-in-Taiwan innovations.

Home Camera Zone
This area hosts an array of competent camera makers with profound background of security, consumer electronics and networking. Among the latest cameras designed for residence, "all-in-one camera" is one of many features to pop-up here!

Integrated Solution Zone
The zone presents well-designed product innovations from network leaders as well as the integrated solution providers. Besides home automation platform, the brain of connected home system - hub/gateway is another highlights.

Door Solution Zone
Fore buyers can find hardware and software relevant to the access control of residences in this area. Smart Locks, peephole cameras, video doorphone and other door solutions for homes are highlighted here.

Key Component & Software Zone
SMAhome specially schemes this arena for competent IC chip and product design solution providers around the world. Featuring with the cutting-edge technologies of image sensor, SoC/ISP, sensor IC and remote control modules, this zone is to enhance the communication between manufacturers and chipset makers.

We Invite You!

If your role is to make to **Strategic Sourcing and Procurement in Smart Home Business,** and with below profiles, we strongly recommend you to come!

- **Home Appliance Makers**
- **E-commerce Retailers**
- **Alarming Monitoring Providers**
- **Home Automation Brands / Channel Players**
- **Ecosystem Players**
- **Telcos/ ISPs / Cable Providers**
